

Ashland announces amendment to the purchase agreement with INEOS Enterprises for its Composites business and butanediol facility in Marl, Germany

July 8, 2019

COVINGTON, KENTUCKY, July 8, 2019 - Ashland Global Holdings Inc. (NYSE: ASH) today announced an amendment to the purchase agreement for the sale of its Composites business and butanediol (BDO) manufacturing facility in Marl, Germany to INEOS Enterprises. The amendment includes the removal of the maleic business from the sale, while the purchase price remains unchanged at \$1.1 billion.

Ashland's maleic business consists of one facility in West Virginia which generates annual revenue of approximately \$75 million. Ashland will retain full ownership of and be solely responsible for operations of the maleic business moving forward. The company intends to divest the maleic business after closing with all proceeds, less reasonable costs incurred by Ashland, being paid to INEOS Enterprises.

The sale of the Composites and Marl BDO business is expected to close in late summer 2019, subject to certain customary regulatory approvals, standard closing conditions and completion of required employee information and consultation processes.
