Ashland solves complex challenges and is recognized as Supplier of the Year by Molded Fiber Glass Companies

DUBLIN, Ohio, October 8, 2020, Molded Fiber Glass Companies (MFG) recognized Ashland's performance adhesives team as the Supplier of the Year for delivering high-quality products, exceptional performance, and consistency within all aspects of support.

"This recognition is special because it validates our true nature to always solve for customers, and the great effort by our multi-functional team who support MFG," said Michael Stanton, Ashland Senior Account Manager, Structural Adhesives. "This is a prestigious award because we are being evaluated among the best of the industry."

Over 30 different suppliers of all sizes were considered for this award. Ashland's strategic account team comprised of manufacturing, technical, field service, sales, and customer service exceeded expectations by continuously meeting business demands and delivery schedule deadlines while providing invaluable technical support.

"We view suppliers as strategic partners of our business, said Herbert Griffith, director of strategic purchasing, Molded Fiber Glass Companies. "There are a lot of variables in what we do, and consistency is a huge benefit. Ashland truly delivers and they go to great lengths to solve for customers."

About MFG

MFG is a leader in the composites industry with one of the largest full-service networks of custom molding and assembly facilities in North America. Headquartered in Ashtabula, OH, MFG focuses on delivering excellence in manufacturing, design engineering support, research and development, and program management.
